Thousands of Persons Reported Killed in Eruption.

### INDIAN VILLAGES WIPED OUT

Captain of Fruit Steamer Arriving at Mobile, Ala., Tells Startling Story of Sudden and Violent Eruption of Chiriqui Peak—Refugees Who Escape Streams of Lava Tell of Awful Loss of Life.

Mobile, Ala., April 11.—Thousands of persons have been killed and whole Indian villages swept away by the eruption of Chiriqui peak near Bocas Del Toro, in Panama, according to the story of Captain Olsvik of the United Fruit steamer Fort Morgan, which arrived here.

Captain Olsvik says the eruption occurred on April 5 early in the morning while the Fort Morgan was berthing near Bocas Del Toro and that he witnessed flames shooting from the peak. Reports of the large casualty list were brought from the immediate scene to Bocas Del Toro by refugees who escaped the on rushing lava. He says he watched the eruption April 5 until he was put to sea.

Even far out on the gulf, Captain Olsvik says, he saw evidences of the disturbed elements. The sea was affected in many places and the air was filled with smoke and dust far out into the gulf.

Captain Olsvik says inhabitants of Bocas Del Toro were panic stricken, believing that place might be overrun with lava that was belching forth from the peak.

Chiriqui peak, as far as is known, never has shown volcanic activity and the sudden bursting of fire and lava from the crest took the inhabitants by surprise.

### Captain Describes Eruption.

In describing the eruption Captain Olsvik said:

"The Fort Morgan was loading at the Almirante wharf, about fourteen miles from Bocas Del Toro, on the morning of April 5, when about 4 o'clock the eastern sky blazed forth and a great rumbling was heard.

"The natives, who had been loading the ship all night, were terror stricken. Some of the men fell on their knees and prayed. All work was suspended for several hours as the people watched the volcano.

"I learned before leaving that the third of a row of mountain peaks, situated about a mile from us, had burst into flame, or had turned into a volcano. The peak that became active was the highest of a group, its height being estimated at 2,340 feet above sea level.

"At the base of the mountain and on its slopes are a number of Indian villages. It is supposed these have been destroyed by the lava.

"When daylight came the flames disappeared and a great cloud of smoke hovered over the country for miles around.

"Soon after the volcano was seen the Fort Morgan was caught by a great current and tore at her moorings. I am sure that the eruption of the Chiriqui peak was the cause. When we got into the open sea great rocks were sticking out of the water in places where before we had navigated the vessel. Small islands could be seen all around the shore."

Captain Olsvik is known in gulf and Caribbean ports, having sailed in these waters many years.

Grand Jury Finds No Violation in Regard to Missing Documents.

Washington, April 11.—The federal grand jury in New York which investigated the alleged destruction of papers desired by the government in its anti-trust suit against the United States Steel corporation failed to find any one guilty of violation of law, it was learned at the department of justice.

The investigation related to the alleged destruction of several thousand documents used in the criminal prosecution of the wire pool several months ago.

### COMPACT LIVING PROBLEM

Demand for Small Apartments on Increase in Chicago.

Chicago, April 11.—"Compact living," a new feature of Western life, has made its appearance in Chicago and is on the increase. It is due to the desire of childless families to throw off the responsibilities of large households by living in apartments as small as they can be made without destroying their convenience.

A canvass of real estate agents revealed that there is greater demand than ever was before known for two and three room "cupid" apartments. Waiting lists have been instituted and buildings are being erected especially for families who have only two members each.

## APPEAR WILLING TO MAKE TERMS

Anthracite Operators and Miners Hold Meeting.

### DISCUSS THEIR DIFFERENCES

Workers Decline to Submit Present Demands to Coal Strike Commission for Adjustment and Conference Finally Agrees Upon Subcommittee to Take Up Disputed Points and Make Recommendations.

Philadelphia, April 11.—Prospects of peace with an early resumption of anthracite mining grew much brighter after the miners and the operators decided to sit down together and talk over their differences.

When the negotiations broken off on March 15 were resumed here George F. Baer, president of the Reading company, proposed on behalf of the operators to arbitrate their differences; that is, to let the anthracite coal strike commission, which settled the strike of 1902, investigate present conditions and decide whether any modification of the commission's award is necessary at this time.

In the discussion that followed, the miners practically threw this offer aside and the conference agreed finally to appoint subcommittees to take up the demands of the miners with the power to make recommendations for adjustments. The subcommittees were immediately appointed and after a brief joint session they adjourned.

The willingness with which they agreed to discuss further the demands is looked upon as a good sign. It is expected concessions will be offered in the subcommittee sessions. What these will be is mere conjecture at this time, but the miners said they expect a 10 per cent increase in wages. Aside from the wage demand that for the recognition of the union appears to be the stumbling block in the way of an agreement.

### Proposal Held in Abeyance.

The offer to send the matter to the strike commission is held in abeyance and if the subcommittees cannot agree the proposition to call in the commission will be renewed.

President White laid the miners' demands before the operators. He took up four propositions—the award of the anthracite strike commission, treating with the miners' organization, the conciliation board and the wage question. He said the award of the strike commission was never considered just and fair by the mine workers.

"There can be no genuine, permanent, abiding peace," he declared, "until the award is supplanted by a direct joint agreement."

Taking up the question of treating with the organization Mr. White said: "The sole question involved is, 'will you treat with your own employees through their organization?'"

The miners' president condemned the conciliation board, which was created by the strike commission, declaring that the red tape and technical incident to the handling and consideration of disputes make it impracticable. Mr. White said that the anthracite miner, considering the hazard and importance of his occupation, is the poorest paid class of labor in America today.

Mr. Baer, replying to Mr. White, said: "The fact must be kept in mind that mining coal is an industrial operation. We are prepared to demonstrate to you and we will ask you to examine the books of the Reading Coal and Iron company and you will be astonished, probably to find that we are losing money in operating our collieries."

### CONTEST IN KEYSTONE STATE

Colonel Roosevelt is Campaigning in Pennsylvania.

Philadelphia, April 11.—Across the state of Pennsylvania from Pittsburgh to Philadelphia Colonel Roosevelt went campaigning, making his appeal for support at the primaries on Saturday. It was the liveliest day of his campaign thus far. In no other state which he has traversed since he began his fight has he found the crowds so large and demonstrative.

Wherever he spoke Colonel Roosevelt asked the people to do on Saturday what Illinois did Tuesday.

"We knocked them over the ropes in Illinois," he said, "and I want to see them take the count in Pennsylvania."

The colonel referred for the first time to his view upon the outcome of the fight.

"If, as I believe we will," he said, "win in this fight, I want you to remember that our success must be made to turn for social and industrial justice."

Seattle, April 11.—Rev. N. J. He had held important pastorates in the East and Middle West. He came to Seattle last July.

### PILATE NOT A PROGRESSIVE

Senator Owen Labels Him Pie Eating Politician.

Washington, April 11.—Senator Poin dexter, taking up his colleague's comparison of Colonel Roosevelt to Pontius Pilate in the senate, asked Senator Jones of Washington if he meant to draw a parallel between Senator Lorimer and Jesus Christ. Mr. Jones did not reply.

In the debate which followed Senator Owen of Oklahoma proclaimed that Pilate was "an unspeakable scoundrel and a standpat, pie eating politician from Rome." The senator read copious extracts from the Bible as he spoke. Senator Owen declared that Senator Jones has mistaken the character of Pilate and the proceedings in the trial of Jesus and that Pilate was neither an upright judge nor a progressive.

## MAY SELECT TWO SETS OF DELEGATES

Fight Brewing in Kentucky Republican Convention.

Louisville, April 11.—Senator W. O. Bradley, as temporary chairman of the Republican state convention, slurred the memory of the late Governor John P. Altgeld of Illinois.

When Senator Bradley during his speech inquired, "What is a progressive?" he was greeted by shouts from the Roosevelt section of the hall by "The right kind" and "What about Illinois?"

This angered Senator Bradley and he shouted:

"Do you want me to tell you what I think of Illinois? Illinois is the same state that once elected an anarchist, Altgeld, for governor."

The senator's remarks created a sensation.

The Kentucky Republicans may become involved in a hopeless wrangle with two conventions and two sets of delegates as the outcome.

There was all kinds of fight in the air after Senator Bradley had opened the convention, but failure by the committee on credentials to report caused an adjournment of the convention without action being taken.

A stormy session was held by the credentials committee over the various contests instituted by the Taft and Roosevelt factions. No announcement was made as to what the report will be.

### WIPES OUT AN ENTIRE BLOCK

Fire Causes About \$200,000 Loss at Butte.

Butte, Mont., April 11.—Fanned by a strong wind from the southwest fire which broke out in the storehouse of the Campana Feed company practically destroyed the entire block bounded by Iron and Aluminum streets on the south and north and by Wyoming and Nevada on the east and west. The warehouse was filled with hay and various rapidly leaped to adjoining structures. The loss is estimated at \$200,000.

Thirty homes were destroyed, besides the four-story Olson hotel and several two-story brick buildings. About 200 persons were made homeless. For a short period it was feared the entire southern portion of the city would be wiped out.

American Dies in Syria.  
Philadelphia, April 11.—John Baldwin Hay, aged sixty-six, former United States consul at Beirut, is dead at Jaffa, Syria, according to cable advices received here. For many years he has lived in Syria and has been regarded as a sort of court of last resort by the warlike Arabs of the desert.

Taft Wins St. Louis Primaries.  
St. Louis, April 11.—Early returns of the St. Louis city primaries indicate that President Taft carried St. Louis by a large majority and will win the delegations from all but one of the twenty-eight city wards. The Roosevelt forces won but one of the seven wards they contested with the president.

## FARM PROBLEM IS IMPORTANT

Government Should Pay More Heed to Practical Side of It.

### DEPARTMENT OF AGRICULTURE

In Existence About a Quarter of a Century, It Spends More Than \$17,000,000 a Year and Gives Attention Chiefly to Purely Scientific Subjects—Democrats and Taft.

By ARTHUR W. DUNN.

Washington, April 11.—[Special.]—Beginning about a quarter of a century ago with a new department, we are now expending more than \$17,000,000 each year on the department of agriculture, and during all that time there has been a steady drift of people from the farms to the cities and towns. For a number of years lately there has been a great drift from the farms of the United States to farms in Canada.

I do not charge the agricultural department with being responsible for this exodus from the farms, but there ought to be some explanation from that department. It must be that farm life is growing less attractive and that the intensified farming taught by the scientists of the agricultural department does not appeal to those who live on farms.

An Important Problem.  
If less attention was given to purely scientific subjects and more attention to the practical question of why people desert the farm it would make the agricultural department more useful. If our legislators could give the same amount of time to solving this problem that they do to making presidents their time would be better employed than at present.

"Back to the farm" is a fine slogan, but who will make the farm attractive to those who ought to go to the farm or stay there when they are once located? Possibly the high cost of living may force more attention to farming. At least nothing else seems to encourage people to remain in or engage in that industry.

### Democrats and Taft.

It would no doubt give several likely candidates for the Democratic nomination quite a chill if they could hear all that Democrats say about Taft. "It is remarkable—wonderful, in fact—the way in which Taft has grown in favor among Democrats, particularly business Democrats, since the colonel's hat went into the ring," said a member of that party. It may be that there is still a strong sentiment in the Democratic rank and file for Roosevelt, but he has no admirers among the Democratic business men.

### Not Picking a Candidate.

One of the most prominent Republicans from New York was asked if the administration had picked a candidate for the Republican nomination for governor.

"Big Bill is mighty foxy," he replied. "No; I should not say that. I'll say Billy is mighty discreet. He is not saying who he wants for governor. He will not make any choice until there is an actual necessity for him to do so, and he hopes that necessity will not arise. My own opinion is that James W. Wadsworth, Jr., will be named by the Republicans."

### Easter Holiday Crowds.

Washington may not be the only city where the Easter holiday crowds fill the city, but it is perhaps more noticeable here. The fact is that Washington, on account of climate, with congress in session, with all the interesting sights and people, makes Easter an ideal time for sightseers in Washington. Schools and many other organizations make up excursion parties that come to the national capital at this time.

### One Member For New Mexico.

Although New Mexico has two members of the house at present, she will have but one after March 4, 1913, and for ten years thereafter. New Mexico had a population of 327,301, according to the census of 1910, which lacks a few hundred of giving the state the major fraction which would allow two members of the house. New Mexico will remain in the class with Delaware, Nevada, Wyoming and Arizona.

### The Fight For Anniston.

People may or may not remember that Anniston, Ala., was quite a military camp during the Spanish war. Ever since the people of that place have had dreams of a military post. The only way to get such things is to make a beginning, with a military commission if possible. So the entire Alabama delegation and all their friends, which means a great deal of money, are chairman of a great deal of money and another of judgment and others well placed to judge. A resolution for a commission was put through after several days of laborious debate. Then Senator Johnson took the matter up in the senate, and after considerable difficulty he had it passed.

Then the president took hold of it and vetoed it, with an explanation from the war department that an inspector general had obtained all the information which could be secured by a military commission. As the inspector's report is favorable, Anniston will now make an effort to become a great military maneuver camp.

SENATOR CHILTON.  
Has Bill to Give the Court of Claims Right to Hear Big Suit.

### FIRST STATES CLAIM TITLE

Ask \$100,000,000 on Account of Cession of Northwest Territory.

Washington, April 11.—Basis for a claim against the United States of \$100,000,000, or more, is contained in a bill introduced in the senate by Senator Chilton of West Virginia. Its object is to give jurisdiction to the court of claims to determine the claim of any of the original states under the cession made by Virginia in 1742 for the vast territory west of the Ohio river, known as the Northwest territory. Chilton raises the point that the cession did not provide that the United States should have the benefits of this land and holds that only the thirteen original states should benefit by it.

## NEWBERRY MAY NOT ACT AS CHAIRMAN

Michigan State Committee Unseats Temporary Officer.

Bay City, Mich., April 11.—A bitter fight between Taft and Roosevelt forces for control of the Republican state convention started at a special meeting of the Republican state central committee attended by seventeen out of twenty-four members, at which Robert A. Shields of Houghton acted as chairman.

By a vote of 14 to 3, in the absence of Chairman Frank Knox, who declared the meeting illegal, members of the committee voted to unseat Truman H. Newberry of Detroit, former secretary of the navy, a Roosevelt leader, as temporary chairman of the convention.

The meeting then took up the question of contested delegates to the state convention and voted to seat Taft delegates against Roosevelt delegates from Detroit, Wayne county, and Battle Creek, Calhoun county.

The Detroit delegation is admitted to hold the balance of power in the convention.

Despite this action by a majority of the state central committee and the apparent sweeping advantage given to President Taft in the selection of delegates at large from Michigan to the Republican national convention Roosevelt leaders maintain that the situation will be reversed on the floor of the convention.

As a result of developments leaders on both sides said that almost anything may be expected when the convention is opened.

### CLARK FOR PUBLICITY BILL

Favors Measure to Make Known Campaign Contributions.

New York, April 11.—Champ Clark, speaker of the house of representatives, replying to an inquiry of Perry Belmont, president of the National Publicity Law association, concerning the speaker's position toward a bill pending in congress requiring publicity of campaign contributions, sent the following letter which was given out in this city by Mr. Belmont:

"Personally, as a candidate for the Democratic nomination for the presidency, I will say explicitly that no bill can be made too drastic to receive my support which has for its purpose the complete exposure as to the sources from which campaign funds are derived and the uses to which these funds are put, in the nomination and election of all candidates, including the candidates for the presidency."

### FORCED TO KILL INSANE MAN

Policemen Cooped Up in Room With Demented Negro.

Louisville, Ky., April 11.—Cooped up in a room with a negro maniac two policemen battled for their lives here and when the negro finally fell dead with five bullets in his body both officers were covered with blood and nearly prostrated.

The negro, William Landrum, was more than six feet tall and weighed nearly 300 pounds. He recently was released from an asylum.

## GREAT INTEREST AT WASHINGTON

### FLOOD SITUATION IS BETTER

Fighters Are Keeping Mississippi Well Within Its Banks.

Vicksburg, Miss., April 11.—An army of men throwing up earthworks to fight off the sweeping torrents of the Mississippi flood rested on their arms along the river stretches from Helena, Ark., southward.

The near crisis of the last twenty-four hours has been bridged with temporary victory at last. The outcome of the strife against the tide now hangs in the balance and apparently with the advantage on the side of the human forces.

A large territory in the Yazoo river valley north of Vicksburg has been flooded by backwater. The backwater from the Yazoo swept through the breaches and marshes, driving forth deer and bears. Huntsmen are riding the flood in skiffs.

### DISCUSSES HIS CANDIDACY

Senator La Follette Hopes to Capture Nebraska.

York, Neb., April 11.—Senator Robert M. La Follette of Wisconsin made one of the most important addresses of his campaign in Nebraska. In reply to a suggestion made in the speech of introduction that the summer would see the birth of a new party, with Bryan and La Follette as leaders, the Wisconsin senator said:

"I do not know what will come out of the Chicago convention, but I do hope that the party of Lincoln will be the one to remedy existing evils."

He discussed his candidacy, giving his reasons for continuing in the race and predicted that he would obtain the Nebraska delegation.

### PRESIDENT MAY TAKE HAND

Possible Attempt to Settle Railway Engineers' Troubles.

Washington, April 11.—The controversy between the Eastern railroads and their locomotive engineers has reached an acute stage, where, it was learned, conferences have been held by President Taft and other government officials with officers of the railroads and of the Brotherhood of Locomotive Engineers.

It is understood that both sides have indicated that if the president or the interstate commerce commission was to appoint a commission, such as that which settled the anthracite strike a few years ago, both sides would be willing to abide by its decision. Thus far the suggestions for such a commission have been only tentative, but it is understood the president is inclined to regard them with favor.

## Illinois Primaries Cause Politicians to Gossip.

### ALL EYES ON PENNSYLVANIA

While It is Generally Agreed That Colonel Roosevelt Gained a Substantial Advantage by His Large Majority in Illinois Yet He Must Secure at Least Half of the Keystone Delegation to Stand Any Chance.

Washington, April 11.—There was but one subject discussed among public men, including the politicians, and those around the hotel lobbies in Washington. That was the result of the Illinois primaries. Nothing that has occurred in the present campaign has aroused the interest that is manifested in the effect of the Illinois primaries on the political trend in both parties.

It is agreed that Colonel Roosevelt gained a substantial advantage by the big majority by which he carried Illinois. The president's friends conceded Colonel Roosevelt anywhere from one-third to two-thirds of the delegates. It looks now as if Roosevelt would have a solid delegation of fifty-eight from Illinois. His popular majority in the state may go as high as 150,000.

The Roosevelt managers are feeling happier on account of the result in Maine, where they obtained ten delegates. In Vermont they got but two, the other two district delegates going to President Taft. The four delegates at large, while named for Taft, are not instructed. Reports indicate that the president's friends swept the St. Louis city primaries, which will give them six delegates to the national convention and probably a controlling voice in the Missouri convention.

The interest is now centered in the Pennsylvania primaries to be held Saturday. Colonel Roosevelt's managers are just as anxious about the result in Pennsylvania, or more so, than are President Taft's friends.

### Colonel Needs Pennsylvania.

Unless Colonel Roosevelt carries at least half of the Pennsylvania delegation his chances will be slight for procuring the nomination.

There is renewal of the talk of a compromise candidate. The name of Associated Justice Hughes was frequently mentioned. But one of the interesting disclosures was that the old guard in New York state had passed the word around the Capitol at Washington that they would not submit to the nomination of Justice Hughes.

Some of these men have suggested that former Vice President Fairbanks of Indiana would be satisfactory to them as a compromise candidate, but immediately this suggestion was made politicians remembered Mr. Fairbanks is at the head of one of the factions in Indiana, that he heads one of the contesting delegations of

Thirty homes were destroyed, besides the four-story Olson hotel and several two-story brick buildings. About 200 persons were made homeless. For a short period it was feared the entire southern portion of the city would be wiped out.

## American Dies in Syria.

Philadelphia, April 11.—John Baldwin Hay, aged sixty-six, former United States consul at Beirut, is dead at Jaffa, Syria, according to cable advices received here. For many years he has lived in Syria and has been regarded as a sort of court of last resort by the warlike Arabs of the desert.

## Taft Wins St. Louis Primaries.

St. Louis, April 11.—Early returns of the St. Louis city primaries indicate that President Taft carried St. Louis by a large majority and will win the delegations from all but one of the twenty-eight city wards. The Roosevelt forces won but one of the seven wards they contested with the president.

FARM PROBLEM  
IS IMPORTANT

Government Should Pay More  
Heed to Practical Side of it.

## DEPARTMENT OF AGRICULTURE

In Existence About a Quarter of a Century, It Spends More Than \$17,000,000 a Year and Gives Attention Chiefly to Purely Scientific Subjects—Democrats and Taft.

By ARTHUR W. DUNN.

Washington, April 11.—[Special.]—Beginning about a quarter of a century ago with a new department, we are now expending more than \$17,000,000 each year on the department of agriculture, and during all that time there has been a steady drift of people from the farms to the cities and towns. For a number of years lately there has been a great drift from the farms of the United States to farms in Canada.

I do not charge the agricultural department with being responsible for this exodus from the farms, but there ought to be some explanation from that department. It must be that farm life is growing less attractive and that the intensified farming taught by the scientists of the agricultural department does not appeal to those who live on farms.

An Important Problem.

If less attention was given to purely scientific subjects and more attention to the practical question of why people desert the farm it would make the agricultural department more useful. If our legislators could give the same amount of time to solving this problem that they do to making presidents their time would be better employed than at present.

"Back to the farm" is a fine slogan, but who will make the farm attractive to those who ought to go to the farm or stay there when they are once located? Possibly the high cost of living may force more attention to farming. At least nothing else seems to encourage people to remain in or engage in that industry.

Democrats and Taft.

It would no doubt give several likely candidates for the Democratic nomination quite a chill if they could hear all that Democrats say about Taft. "It is remarkable—wonderful, in fact—the way in which Taft has grown in favor among Democrats, particularly business Democrats, since the colonel's hat went into the ring," said a member of that party. It may be that there is still a strong sentiment in the Democratic rank and file for Roosevelt, but he has no admirers among the Democratic business men.

Not Picking a Candidate.

One of the most prominent Republicans from New York was asked if the administration had picked a candidate for the Republican nomination for governor.

"Big Bill is mighty foxy," he replied. "No; I should not say that. I'll say Billy is mighty discreet. He is not saying who he wants for governor. He will not make any choice until there is an actual necessity for him to do so, and he hopes that necessity will not arise. My own opinion is that James W. Wadsworth, Jr., will be named by the Republicans."

Easter Holiday Crowds.

Washington may not be the only city where the Easter holiday crowds fill the city, but it is perhaps more noticeable here. The fact is that Washington, on account of climate, with congress in session, with all the interesting sights and people, makes Easter an ideal time for sightseers in Washington. Schools and many other organizations make up excursion parties that come to the national capital at this time.

One Member For New Mexico.

Although New Mexico has two members of the house at present, she will have but one after March 4, 1913, and for ten years thereafter. New Mexico had a population of 327,391, according to the census of 1910, which lacks a few hundred of giving the state the major fraction which would allow two members of the house. New Mexico will remain in the class with Delaware, Nevada, Wyoming and Arizona.

The Fight For Anniston.

People may or may not remember that Anniston, Ala., was quite a military camp during the Spanish war. Ever since the people of that place have had dreams of a military post. The only way to get such things is to make a beginning, with a military commission if possible. So the entire Alabama delegation and all their friends, which means a great deal when one member is chairman of ways and means and another of judiciary and others well placed to grant favors. A resolution for a commission was put through after several days of laborious debate. Then Senator Johnston took the matter up in the senate, and after considerable difficulty he had it passed.

Then the president took hold of it and vetoed it, with an explanation from the war department that an inspector general had obtained all the information which could be secured by a military commission. As the inspector's report is favorable, Anniston will now make an effort to become a great military maneuver camp.

## FORCED TO KILL INSANE MAN

Policemen Cooped Up in Room With Demented Negro.

Louisville, Ky., April 11.—Cooped up in a room with a negro maniac two policemen battled for their lives here and when the negro finally fell dead with five bullets in his body both officers were covered with blood and nearly prostrated.

The negro, William Landrum, was more than six feet tall and weighed nearly 300 pounds. He recently was released from an asylum.

## SENATOR CHILTON.

Has Bill to Give the Court of  
Claims Right to Hear Big Suit.

## FIRST STATES CLAIM TITLE

Ask \$100,000,000 on Account of Cession of Northwest Territory.

Washington, April 11.—Basis for a claim against the United States of \$100,000,000, or more, is contained in a bill introduced in the senate by Senator Chilton of West Virginia. Its object is to give jurisdiction to the court of claims to determine the claim of any of the original states under the cession made by Virginia in 1742 for the vast territory west of the Ohio river, known as the Northwest territory. Chilton raises the point that the cession did not provide that the United States should have the benefits of this land and holds that only the thirteen original states should benefit by it.

NEWBERRY MAY NOT  
ACT AS CHAIRMAN

Michigan State Committee Unseats Temporary Officer.

Bay City, Mich., April 11.—A bitter fight between Taft and Roosevelt forces for control of the Republican state convention started at a special meeting of the Republican state central committee attended by seventeen out of twenty-four members, at which Robert A. Shields of Houghton acted as chairman.

By a vote of 14 to 3, in the absence of Chairman Frank Knox, who declared the meeting illegal, members of the committee voted to unseat Truman H. Newberry of Detroit, former secretary of the navy, a Roosevelt leader, as temporary chairman of the convention.

The meeting then took up the question of contested delegates to the state convention and voted to seat Taft delegations as against Roosevelt delegations from Detroit, Wayne county, and Battle Creek, Calhoun county.

The Detroit delegation is admitted to hold the balance of power in the convention.

Despite this action by a majority of the state central committee and the apparent sweeping advantage given to President Taft in the selection of six delegates at large from Michigan to the Republican national convention Roosevelt leaders maintain that the situation will be reversed on the floor of the convention.

As a result of developments leaders on both sides said that almost anything may be expected when the convention is opened.

## CLARK FOR PUBLICITY BILL

Favors Measure to Make Known Campaign Contributions.

New York, April 11.—Cham Clark, speaker of the house of representatives, replying to an inquiry of Perry Belmont, president of the National Publicity Law association, concerning the speaker's position toward a bill pending in congress requiring publicity of campaign contributions, sent the following letter which was given out in this city by Mr. Belmont:

"Personally, as a candidate for the Democratic nomination for the presidency, I will say explicitly that no bill can be made too drastic to receive my support which has for its purpose the complete exposition as to the sources from which campaign funds are derived and the uses to which these funds are put, in the nomination and election of all candidates, including the candidates for the presidency."

AT WASHINGTON

## FLOOD SITUATION IS BETTER

Fighters Are Keeping Mississippi Well Within Its Banks.

Vicksburg, Miss., April 11.—An army of men throwing up earthworks to fight off the sweeping torrents of the Mississippi flood rested on their arms along the river stretches from Helena, Ark., southward.

The near crisis of the last twenty-four hours has been bridged with temporary victory at last. The outcome of the strife against the tide now hangs in the balance and apparently with the advantage on the side of the human forces.

A large territory in the Yazoo river valley north of Vicksburg has been flooded by backwater. The backwater from the Yazoo swept through the breaches and marshes, driving forth deer and bears. Huntsmen are riding the flood in skiffs.

## DISCUSSES HIS CANDIDACY

Senator La Follette Hopes to Capture Nebraska.

York, Neb., April 11.—Senator Robert M. La Follette of Wisconsin made one of the most important addresses of his campaign in Nebraska. In reply to a suggestion made in the speech of introduction that the summer would see the birth of a new party, with Bryan and La Follette as leaders, the Wisconsin senator said:

"I do not know what will come out of the Chicago convention, but I do hope that the party of Lincoln will be the one to remedy existing evils."

He discussed his candidacy, giving his reasons for continuing in the race and predicted that he would obtain the Nebraska delegation.

## PRESIDENT MAY TAKE HAND

Possible Attempt to Settle Railway Engineers' Troubles.

Washington, April 11.—The controversy between the Eastern railroads and their locomotive engineers has reached an acute stage, where, it was learned, conferences have been held by President Taft and other government officials with officers of the railroads and of the Brotherhood of Locomotive Engineers.

It is understood that both sides have indicated that if the president or the interstate commerce commission was to appoint a commission, such as that which settled the anthracite strike a few years ago, both sides would be willing to abide by its decision. Thus far the suggestions for such a commission have been only tentative, but it is understood the president is inclined to regard them with favor.

## Illinois Primaries Cause Politicians to Gossip.

## ALL EYES ON PENNSYLVANIA

While it is generally agreed that Colonel Roosevelt gained a substantial advantage by his large majority in Illinois yet he must secure at least half of the Keystone delegation to stand any chance.

Washington, April 11.—There was but one subject discussed among public men, including the politicians, and those around the hotel lobbies in Washington. That was the result of the Illinois primaries. Nothing that has occurred in the present campaign has aroused the interest that is manifested in the effect of the Illinois primaries on the political trend in both parties.

It is agreed that Colonel Roosevelt gained a substantial advantage by the big majority by which he carried Illinois. The president's friends conceded Colonel Roosevelt anywhere from one-third to two-thirds of the delegates. It looks now as if Roosevelt would have a solid delegation of fifty-eight from Illinois. His popular majority in the state may go as high as 150,000.

The Roosevelt managers are feeling happier on account of the result in Maine, where they obtained ten delegates. In Vermont they got but two, the other two district delegates going to President Taft. The four delegates at large, while named for Taft, are not instructed. Reports indicate that the president's friends swept the St. Louis city primaries, which will give them six delegates to the national convention and probably a controlling voice in the Missouri convention.

The interest is now centered in the Pennsylvania primaries to be held Saturday. Colonel Roosevelt's managers are just as anxious about the result in Pennsylvania, or more so, than are President Taft's friends.

## Colonel Needs Pennsylvania.

Unless Colonel Roosevelt carries at least half of the Pennsylvania delegation his chances will be slight for procuring the nomination.

There is renewal of the talk of a compromise candidate. The name of Associated Justice Hughes was frequently mentioned. But one of the interesting disclosures was that the old guard in New York state had passed the word around the Capitol at Washington that they would not submit to the nomination of Justice Hughes.

Some of these men have suggested that former Vice President Fairbanks of Indiana would be satisfactory to them as a compromise candidate, but immediately this suggestion was made politicians remembered Mr. Fairbanks is at the head of one of the factions in Indiana, that he heads one of the contesting delegations of the state as a delegate at large and that his nomination for either place on the ticket would certainly put Indiana in the Democratic column by at least 50,000, for the Beveridge faction, which was able to control five of the congressional districts in Indiana and elect a majority of the delegates to the state convention, outside of Indianapolis, would never accept Fairbanks for either place on the national ticket. Even Mr. Fairbanks' friends in Washington admitted that his name was out of consideration this year.

"I notice that you courteously refrain from mentioning the name of your political rival in any of your speeches."

"I can't say my practice in that respect is so much a matter of courtesy as of prudence. I once started in to denounce a rival, but as soon as I mentioned his name the audience burst into deafening and continuous applause."—Washington Star.

## VERMONT MEN UNPLEGGED

Delegates at Large Appear to Favor President Taft.

Montpelier, Vt., April 11.—Of the eight Vermont delegates to the Republican convention at Chicago two district delegates will go instructed for Taft and two for Roosevelt. The four delegates at large are unpledged, although the state convention endorsed President Taft's administration and all four delegates expressed a personal desire for his renomination.

Two of the delegates were chosen without opposition and the other two after spirited contests between the Taft and Roosevelt forces, in which the Taft majorities were 54 and 53 respectively.

Chairman Williams of the Republican state committee and the principal Taft leader in Vermont said that, while the delegates at large were unpledged, he was sure they would vote for President Taft.

## ROOSEVELT CAPTURES MAINE

Secures Twelve Delegates to Republican Convention.

Bangor, Me., April 11.—The candidacy of Colonel Roosevelt will be supported by Maine's twelve delegates in the Republican national convention. Ten were chosen at the Republican state convention and at three of the four district conventions. The other two were elected a week ago in the First district. Instructions were not formally given in the case of the Fourth district delegates, but those chosen were named on ballots headed "Roosevelt delegates."

The Roosevelt leaders had a good working majority in the state convention, the vote for delegate at large being 739 to 497.

thusiastic meeting Wednesday eve-  
ning. The out of town members in-  
cluded several from Verndale; Joe  
Fraser, of Ironton; A. E. Johnson,  
of Pillager, and others. A class of  
seven was initiated and two mem-  
bers were accepted by transfer. Re-  
freshments were served and a smoke  
social followed, enlivened by songs  
and instrumental selections.

Ray Woerner, aged 17, the son of  
Mr. and Mrs. Gust Woerner, was  
badly hurt last evening while near  
the corner of Kindred avenue and  
Second avenue. According to Gust  
Woerner the aggressor was Clifford  
O'Connor, aged 19, who struck his  
son on the head with a club and  
felled him to the ground. Woerner  
was unconscious for several hours  
and was taken to the Northwestern  
hospital.

### Almost a Miracle

One of the most startling changes  
ever seen in any man, according to W.  
B. Holsclaw, Clarendon, Tex., was af-  
fected years ago in his brother. "He  
had such a dreadful cough," he  
writes, "that all our family thought  
he was going into consumption, but  
he began to use Dr. King's New Dis-  
covery, and was completely cured by  
ten bottles. Now he is sound and  
well and weighs 218 pounds. For  
many years our family has used this  
wonderful remedy for coughs and  
colds with excellent results." It's  
quick, safe, reliable and guaranteed.  
Price 50 cents and \$1.00. Trial bot-  
tle free at all druggists. ttw

### Puts End to Bad Habit

"Things never look bright to one  
with 'the blues.' Ten to one the  
trouble is a sluggish liver, filling the  
system with bilious poison, that Dr.  
King's New Life Pills would expel.  
Try them. Let the joy of better feel-  
ings end 'the blues.' Best for  
stomach, liver and kidneys. 25c at  
all druggists.

### Evidence.

"What makes you think our great  
public men don't work as hard as they  
used to?"

"By the photographs," replied Farm-  
er Cornotssel. "When I was a young  
feller the big men in politics didn't  
take near as much time to get shaved  
and have their hair cut."—Washing-  
ton Star.

### MILLIONS OF FOLKS USE ONLY CASCARETS

**They Never Have Headache, Bilious-  
ness, Sluggish Liver or Bowels  
or a Sick, Sour Stomach**

No odds how bad your liver, stom-  
ach or bowels; how much your head  
aches, how miserable and uncom-  
fortable you are from constipation,  
indigestion, biliousness and sluggish  
intestines—you always get the de-  
sired results with Cascarets and  
quickly too.

Don't let your stomach, liver and  
bowels make you miserable another  
moment; put an end to the headache,  
biliousness, dizziness, nervousness,  
sick, sour, gassy stomach, backache  
and all other distress; cleanse your  
inside organs of all the poison and  
effete matter which is producing the  
misery.

Take a Cascaret now; don't wait  
until bedtime. In all the world there  
is no remedy like this. A 10-cent  
box means health, happiness and a  
clear head for months. No more  
days of gloom and distress if you  
will take a Cascaret now and then.  
All druggists sell Cascarets. Don't  
forget the children—their little in-  
sides need a good, gentle cleansing  
too.

### St. Paul Symphony

The St. Paul Symphony orchestra  
will play at the Brainerd opera  
house on Monday evening, April 22.  
Walter H. Rothwell is the con-  
ductor of the celebrated musical or-  
ganization. The company is at present  
playing in the west on its second  
spring festival tour.

Speaking of the orchestra the Du-  
buque "Times Journal" says: "The  
St. Paul Symphony orchestra afford-  
ed Dubuque the greatest feast of  
music in the history of the city."

The Marquette, Mich., Journal  
says: "The orchestra has been as-  
sembled with special respect for bal-  
ance in strings, brass, reeds and wood  
and in the excellence of its tonal  
quality it would be difficult to sur-  
pass."

### \$100 REWARD. \$100

The readers of this paper will be  
pleased to learn that there is at least  
one dreaded disease that science has  
been able to cure in all its stages, and  
that is catarrh. Hall's Catarrh Cure is  
the only positive cure now known to the  
medical fraternity. Catarrh being a con-  
stitutional disease, requires a constitu-  
tional treatment. Hall's Catarrh Cure  
is taken internally, acting directly upon  
the blood and mucous surfaces of the  
system, thereby destroying the founda-  
tion of the disease, and giving the patient  
strength by building up the constitution  
and assisting nature in doing its work.  
The proprietors have so much faith in  
its curative powers that they offer One  
Hundred Dollars for any case that it  
fails to cure. Send for list of testimo-  
nials.

### It Looks Like a Crime

to separate a boy from a box of Buck-  
len's Arnica Salve. His pimples,  
boils, scratches, knocks, sprains and  
bruises demand it, and its quick re-  
lief for burns, scalds or cuts is his  
right. Keep it handy for boys, also  
girls. Heals everything healable and  
does it quickly. Unequaled for piles.  
Only 25 cents at all druggists. ttw

### Edam Cheese.

In Holland Edam cheese is not ex-  
cavated, but is sliced off, and the Dutch  
have a saying, "Die myn kaas snydt  
als een schuyl, die jaag ik myn deur  
uit"—"Whoso cuts my cheese like a  
boat, to him I show the door."

### The Danger After Grip

lies often in a run-down system.  
Weakness, nervousness, lack of ap-  
petite, energy and ambition, with dis-  
ordered liver and kidneys often fol-  
low an attack of this wretched dis-  
ease. The greatest need then is Elec-  
tric Bitters, the glorious tonic, blood  
purifier and regulator of stomach, liver,  
and kidneys. Thousands have  
proved that they wonderfully  
strengthen the nerves, build up the  
system and restore to health and good  
spirits after an attack of grip. If suf-  
fering, try them. Only 50 cents.  
Sold and perfect satisfaction guaran-

**VISITING NURSE TAG  
DAY APRIL 20th.**

Health Committee Decides on That Date, the First Anniversary of Last Year's Tag Day

**REPORT OF 7 MONTHS' WORK**

Treasurer's Report and List of Those Who Contributed to the Visiting Nurse Fund

Brainerd is soon to have another Tag Day. The health committee under whose supervision arrangements for Tag Day are made, have decided again on April 20th the same date as last year. This seems a little early in the season but if the visiting nurse work is to be carried on we must have money and we feel sure the weather man will be charitable also, and provide us with a good day.

The receipts of last year's Tag Day have furnished a visiting nurse for seven months, and now that the work is not only understood, but approved of, there is every reason to believe that the amount received this year will be much greater. In every work that is new, some mistakes will be made, and no doubt there have been in this, but the lack of criticism, the kind words, and helpful assistance given, induces the belief that Brainerd has been unusually fortunate in securing a nurse who so nearly realizes the wishes of all.

The greater part of the money so far used in this work, was donated last Tag Day and we hope to get enough this Tag Day to carry on the work for another year, when perhaps the county commissioners seeing how desirable it is to have some one to look after the sick and poor, and the board of education realizing that a teacher of hygiene is as necessary as a teacher of Latin, will themselves provide the salary of a nurse, and Tag Day will no longer be necessary.

Below is given a condensed report of Miss Bohke's work for the seven months, also the report of the treasurer of the health committee under whom Miss Bohke works:

**STATE ORATORICAL CONTEST**

Miss Eunice Witham, A. Niece of J. W. Witham, Will Represent Deadwood High School

A Deadwood, South Dakota, paper mentions the appearance of Miss Eunice Witham as a contestant in an oratorical contest wherein she represented the Deadwood high school. Miss Witham is a niece of J. W. Witham of this city. The paper states:

"A Deadwood high school girl will again represent the Black Hills at the state oratorical contest soon to be held at Vermillion. This was decided last evening at Spearfish, where an oratorical contest took place in which young ladies from six cities of the Black Hills were contestants. As a result of the competition, Miss Eunice Witham of the Deadwood high school will be sent to Vermillion as the Black Hills representative to enter the contest which will decide the oratorical supremacy among the high schools of South Dakota.

"Miss Witham recited 'The Sign of the Cross,' by Barrett, the piece which won her first place in the Deadwood contest held here a week ago Friday evening. Since that date she has had additional time to prepare herself for the more important contest and her work showed improvement in more than one particular. Her success is due not only to her own ability in dramatic art, but to the excellent instruction of Mrs. Joseph Stelzl, of Deadwood, under whose direction Miss Witham was prepared for both contests and who will also coach her for the state competition at Vermillion. Mrs. Stelzl and Miss Witham will return on the Burlington this afternoon from Spearfish, and it is understood the Deadwood high school pupils are planning a demonstration in their honor."

**BARROWS MINE  
SOCIAL CLUB**

Club Was Formed at the Quackenbush Store in Barrows on Wednesday Evening

**DANCE TO BE GIVEN APRIL 27**

A Written Invitation From a Club Member Necessary to Allow an Outsider to Attend

Barrows, Minn., April 11—At a meeting which was held in the Quackenbush store on Wednesday evening, April 10, it was decided to form a social club for employees of the Barrows mine and their neighbors. F. W. Sherman presided at the meeting.

The first matter brought before the gathering was the selection of a membership committee and on this committee were appointed Capt. C. H. Mathews, chairman; H. W. Gereau and J. H. Ludwig, which committee shall begin a campaign to secure members for the club.

It was resolved to make an initial fee of \$1 for employees of the company. The question of fees to be paid by others was left to be decided at a later meeting.

The question of a dance was next brought up. It was decided unanimously to give a dance on Saturday evening, April 27, in the hall at Barrows and the following were selected to take charge of that event:

Committee on arrangements: H. W. Gereau, chairman; Capt. Matt Luke, A. Quackenbush, J. H. Ludwig and R. L. Elder, with power to act to their number.

Financial committee: I. S. Roe, chairman; A. Quackenbush; F. W. Sherman, secretary and treasurer.

Floor committee: J. H. Ludwig, chairman; D. C. Francis, Robert Ludlow and Albert Olson.

After some discussion it was decided to charge 75 cents per couple, the admission to cover dance and lunch.

It was the general opinion of the meeting that in order to exclude the rougher element from out of town no outsider should be allowed to enter the hall without a written invitation from some member of the club, and the member sending such invitation is to be held responsible for the conduct of his guest.

An informal discussion then followed as to the organization for indoor and outdoor amusements. It is hoped to be able to get together a good baseball team and those who were present at the meeting undertook to do all that was necessary to awaken general interest in the club.

**Estelle-Holsapple**

Lee Ernest Estell and Miss Genie Holsapple, daughter of Mr. and Mrs. Seward Holsapple formerly of Daggett Brook, were united in marriage at the home of the bride's sister, Mrs. Willard Dixon at Daggett Brook on Wednesday afternoon, April 10th at 4:30 o'clock.

The ceremony was performed by Rev. W. J. Smith, Sunday school missionary. It was a very pretty home wedding, only the intimate friends of the contracting parties being present. The bride was handsomely attired in white and carried a bouquet of brides roses. Miss Ivy Anderson was maid of honor. Bennie Holsapple, brother of the bride, attended the groom. After the wedding ceremony a fine supper was served. Both bride and groom are well and favorably known in the social circles of Daggett Brook and the most cordial good wishes will follow them. They will make their home in Brainerd.

## STATE ORATORICAL CONTEST

Miss Eunice Witham, A. Niece of J. W. Witham, Will Represent Deadwood High School

A Deadwood, South Dakota, paper mentions the appearance of Miss Eunice Witham as a contestant in an oratorical contest wherein she represented the Deadwood high school. Miss Witham is a niece of J. W. Witham of this city. The paper states:

"A Deadwood high school girl will again represent the Black Hills at the state oratorical contest soon to be held at Vermillion. This was decided last evening at Spearfish, where an oratorical contest took place in which young ladies from six cities of the Black Hills were contestants. As a result of the competition, Miss Eunice Witham of the Deadwood high school will be sent to Vermillion as the Black Hills representative to enter the contest which will decide the oratorical supremacy among the high schools of South Dakota.

"Miss Witham recited 'The Sign of the Cross,' by Barrett, the piece which won her first place in the Deadwood contest held here a week ago Friday evening. Since that date she has had additional time to prepare herself for the more important contest and her work showed improvement in more than one particular. Her success is due not only to her own ability in dramatic art, but to the excellent instruction of Mrs. Joseph Stelzl, of Deadwood, under whose direction Miss Witham was prepared for both contests and who will also coach her for the state competition at Vermillion. Mrs. Stelzl and Miss Witham will return on the Burlington this afternoon from Spearfish, and it is understood the Deadwood high school pupils are planning a demonstration in their honor."

## BARROWS MINE SOCIAL CLUB

Club Was Formed at the Quackenbush Store in Barrows on Wednesday Evening

## DANCE TO BE GIVEN APRIL 27

A Written Invitation From a Club Member Necessary to Allow an Outsider to Attend

Barrows, Minn., April 11—At a meeting which was held in the Quackenbush store on Wednesday evening, April 10, it was decided to form a social club for employees of the Barrows mine and their neighbors. F. W. Sherman presided at the meeting.

The first matter brought before the gathering was the selection of a membership committee and on this committee were appointed Capt. C. H. Mathews, chairman; H. W. Gereau and J. H. Ludwig, which committee shall begin a campaign to secure members for the club.

It was resolved to make an initial fee of \$1 for employees of the company. The question of fees to be paid by others was left to be decided at a later meeting.

The question of a dance was next brought up. It was decided unanimously to give a dance on Saturday evening, April 27, in the hall at Barrows and the following were selected to take charge of that event:

Committee on arrangements: H. W. Gereau, chairman; Capt. Matt Luke, A. Quackenbush, J. H. Ludwig and R. L. Elder, with power to act to their number.

Financial committee: I. S. Roe, chairman; A. Quackenbush; F. W. Sherman, secretary and treasurer.

Floor committee: J. H. Ludwig, chairman; D. C. Francis, Robert Ludwig and Albert Olson.

After some discussion it was decided to charge 75 cents per couple, the admission to cover dance and lunch.

It was the general opinion of the meeting that in order to exclude the rougher element from out of town no outsider should be allowed to enter the hall without a written invitation from some member of the club, and the member sending such invitation is to be held responsible for the conduct of his guest.

An informal discussion then followed as to the organization for indoor and outdoor amusements. It is hoped to be able to get together a good baseball team and those who were present at the meeting undertook to do all that was necessary to awaken general interest in the club.

### Estelle-Holsapple

Lee Ernest Estell and Miss Genie Holsapple, daughter of Mr. and Mrs. Seward Holsapple formerly of Daggett Brook, were united in marriage at the home of the bride's sister, Mrs. Willard Dixon at Daggett Brook on Wednesday afternoon, April 10th at 4:30 o'clock.

The ceremony was performed by Rev. W. J. Smith, Sunday school missionary. It was a very pretty home wedding, only the intimate friends of the contracting parties being present. The bride was handsomely attired in white and carried a bouquet of brides roses. Miss Ivy Anderson was maid of honor. Bennie Holsapple, brother of the bride, attended the groom. After the wedding ceremony a fine supper was served. Both bride and groom are well and favorably known in the social circles of Daggett Brook and the most cordial good wishes will follow them. They will make their home in Brainerd.

### Fur Animals in Russia.

The annual total of animals killed for fur throughout the Russian empire is about 20,000,000, of which squirrels represent 13,000,000, hares 3,000,000 and muskrats 1,000,000. There are 300,000 ermines and 40,000 blue foxes.

The county board examines the list of delinquents, and may cancel such taxes as it deems cannot be collected. The names of those against whom the taxes have been cancelled, as well as the names of those remaining on the revised delinquent list must be published in the official proceedings of the board.

Citations are then issued to the delinquents requiring them to show cause at the next term of the district court why they should not pay such taxes, penalties and costs. If they fail to pay or answer, judgment is entered against them. Execution may be issued upon the judgment against any property owned by them in the same manner as provided by law in case of executions upon judgments in civil actions.

## TAXATION IN MINNESOTA

THE FOLLOWING IS ONE OF A SERIES OF ARTICLES PUBLISHED BY REQUEST OF THE MINNESOTA TAX COMMISSION. CRITICISM OR SUGGESTION IS CORDIALLY INVITED.

### The Collection of Delinquent Taxes

Real estate taxes become delinquent on June 1, and personal property taxes on March 1 of each year. If not paid before these dates a penalty of 10 per cent is added, and any county treasurer who accepts payment of the taxes without including the penalty becomes personally liable for the amount of the penalty.

The collection of delinquent real estate taxes, as explained in the preceding article, is enforced against the property assessed, and personal property taxes against the person assessed.

In the case of delinquent real estate taxes, on or before February 1 in each year the county auditor files with the clerk of the district court a list of all tracts of lands or lots on which taxes are delinquent which list has the effect of a complaint in an action by the county against each tract or lot on the list.

Five days thereafter the clerk returns a copy of such list, together with a citation to all persons interested to show cause why judgment should not be entered against each tract or lot of land. Publication of the notice and list is made by the county auditor, and 20 days after the expiration of the notice the clerk enters judgment against each tract or lot as to which no defense is made for the taxes, penalties and costs.

On the first Monday in May following, the county auditor sells at public vendue all tracts of land against which judgment has been entered, first giving 10 days notice thereof. Each tract or lot is sold separately and a certificate of sale issued to the purchaser. Three years thereafter, unless the land be redeemed, the purchaser of the tax certificate or the assignee, upon complying with certain legal requirements, becomes the absolute owner of the property.

In the case of delinquent personal property taxes, the county treasurer is required on the fifth secular day of April to file with the clerk of the district court a list of all personal property taxes remaining unpaid on April 1, and 10 days later, the clerk of the court issues warrants to the sheriff of the county directing him to proceed to collect the same by the seizure and sale of any personal property owned by the delinquent.

Any person whose name is embraced in the delinquent list may on or before April 15 file an answer with the clerk of the court, verified as readings in civil actions, setting forth his defense or objection to the tax or penalty, and thereafter the issue raised is heard and determined by the district court.

If the sheriff for any reason is unable to collect the delinquent personal property tax assessed against any person he is required to report such failure to the clerk of the district court on June 1 following. Ten days later the clerk files the list of delinquents with the county treasurer, who in turn files it with the county board.

The county board examines the list

of delinquents, and may cancel such taxes as it deems cannot be collected. The names of those against whom the taxes have been cancelled, as well as the names of those remaining on the revised delinquent list must be published in the official proceedings of the board.

Citations are then issued to the delinquents requiring them to show cause at the next term of the district court why they should not pay such taxes, penalties and costs. If they fail to pay or answer, judgment is entered against them. Execution may be issued upon the judgment against any property owned by them in the same manner as provided by law in case of executions upon judgments in civil actions.

The St. Cloud Journal-Press hears that the Crookston car shops of the Great Northern road are to be moved to that city. The village of Pequot is scarcely able to support one newspaper as it should be and as a consequence the Review is the survivor of the two papers that have attempted to struggle along for the past few years. ### "Mother Jones"

Tuesday evening at the opera house "Mother" Jones spoke under the auspices of the Trades & Labor assembly. The purpose was to raise money for the aid of the strikers on the Harriman system. Many went to hear something relevant to the issue.

"Mother" Jones is a pudgy, bespectacled, little woman of perhaps 70 or more years. For the past 30 years she has camped in the wake of every great industrial disorder of the country.

Like many another camp follower, the bitter experiences of clashing forces has whetted her blood, turned her mind and made her an Amazon "more ready," as she stated, "for fight than for heaven."

Only a woman with a perverted nature could with such audacious recklessness and inflammatory zeal call on the fires of hell to burn and destroy. With feet caught in the vortex of the grave, she jeered and gibed at things holy and sacred, all for the purpose of arousing interest for the great cause of labor. What an error of judgment! Blood, fire and dynamite have a reaction that destroy their agents. Words full of sound and fury signify nothing.

Those whose sentiments are with every just movement, who wish every man better and no man worse, deprecate the folly of waving the "bloody shirt."

REV. W. J. LOWRIE.

### IMPATIENCE.

In the impatient mood we are apt to spend far more than is required in the doing of our work, and this excess is lost. We cannot estimate the value of the power thus misplaced. ## TAXATION IN MINNESOTA

THE FOLLOWING IS ONE OF A SERIES OF ARTICLES PUBLISHED BY REQUEST OF THE MINNESOTA TAX COMMISSION CRITICISM OR SUGGESTION IS CORDIALLY INVITED

#### The Collection of Delinquent Taxes

Real estate taxes become delinquent on June 1, and personal property taxes on March 1 of each year. If not paid before these dates a penalty of 10 per cent is added, and any county treasurer who accepts payment of the taxes without including the penalty becomes personally liable for the amount of the penalty.

The collection of delinquent real estate taxes, as explained in the preceding article, is enforced against the property assessed, and personal property taxes against the person assessed.

In the case of delinquent real estate taxes, on or before February 1 in each year the county auditor files with the clerk of the district court a list of all tracts of lands or lots on which taxes are delinquent which list has the effect of a complaint in an action by the county against each tract or lot on the list.

Five days thereafter the clerk returns a copy of such list, together with a citation to all persons interested to show cause why judgment should not be entered against each tract or lot of land. Publication of the notice and list is made by the county auditor, and 20 days after the expiration of the notice the clerk enters judgment against each tract or lot as to which no defense is made for the taxes, penalties and costs.

On the first Monday in May following, the county auditor sells at public vendue all tracts of land against which judgment has been entered, first giving 10 days notice thereof. Each tract or lot is sold separately and a certificate of sale issued to the purchaser. Three years thereafter, unless the land be redeemed, the purchaser of the tax certificate or the assignee, upon complying with certain legal requirements, becomes the absolute owner of the property.

In the case of delinquent personal property taxes, the county treasurer is required on the fifth secular day of April to file with the clerk of the district court a list of all personal property taxes remaining unpaid on April 1, and 10 days later, the clerk of the court issues warrants to the sheriff of the county directing him to proceed to collect the same by the seizure and sale of any personal property owned by the delinquent.

Any person whose name is embraced in the delinquent list may on or before April 15 file an answer with the clerk of the court, verified as to the facts in civil actions, setting forth his defense or objection to the tax or penalty, and thereafter the issue raised is heard and determined by the district court.

If the sheriff for any reason is unable to collect the delinquent personal property tax assessed against any person he is required to report such failure to the clerk of the district court on June 1 following. Ten days later the clerk files the list of delinquents with the county treasurer, who in turn files it with the county board.

The county board examines the list

of delinquents, and may cancel such taxes as it deems cannot be collected. The names of those against whom the taxes have been cancelled, as well as the names of those remaining on the revised delinquent list must be published in the official proceedings of the board.

Citations are then issued to the delinquents requiring them to show cause at the next term of the district court why they should not pay such taxes, penalties and costs. If they fail to pay or answer, judgment is entered against them. Execution may be issued upon the judgment against any property owned by them in the same manner as provided by law in case of executions upon judgments in civil actions.

News Items of Interest to Local Readers Gleaned From Bright and Newsy Exchanges

T. R. Foley of Aitkin has just completed a sale of 15,000 acres of land in Cass county near Remer to Duluth parties.

W. J. Gleason has been awarded the contract at Aitkin for the construction of judicial ditch No. 2 for \$69,168.00.

J. K. Martin has been elected treasurer of the Minnesota State Automobile association. Mr. Martin lives at Little Falls.

W. H. Workman, well known in Brainerd and at one time in the employ of the Dispatch, has been checked in as postmaster at Bowman, N. D., where he runs a newspaper. He is an applicant for appointment to the position made vacant by the resignation of the postmaster.

The St. Cloud Journal-Press hears that the Crookston car shops of the Great Northern road are to be moved to that city. The Crookston shops have recently been involved in labor troubles which is one of the points used. It would mean the addition of 200 men to the force already working in the granite city.

The village of Pequot is scarcely able to support one newspaper as it should be and as a consequence the Review is the survivor of the two papers that have attempted to struggle along for the past few years. The Review has purchased the good will, etc., of the Enterprise and the good people of Pequot should be pleased to lend their support to one paper in such a manner as to make it a success. Any live town needs a newspaper and the newspaper needs the unqualified support of the community in which it circulates.

#### "Mother Jones"

Tuesday evening at the opera house "Mother" Jones spoke under the auspices of the Trades & Labor assembly. The purpose was to raise money for the aid of the strikers on the Harriman system. Many went to hear something relevant to the issue.

"Mother" Jones is a pudgy, bespectacled, little woman of perhaps 70 or more years. For the past 30 years she has camped in the wake of every great industrial disorder of the country.

Like many another camp follower, the bitter experiences of clashing forces has whetted her blood, turned her mind and made her an Amazon "more ready," as she stated, "for fight than for heaven."

Only a woman with a perverted nature could with such audacious recklessness and inflammatory zeal call on the fires of hell to burn and destroy. With feet caught in the vortex of the grave, she jeered and gibed at things holy and sacred, all for the purpose of arousing interest for the great cause of labor. What an error of judgment! Blood, fire and dynamite have a reaction that destroy their agents. Words full of sound and fury signify nothing.

Those whose sentiments are with every just movement, who wish every man better and no man worse, deprecate the folly of waving the "bloody shirt."

REV. W. J. LOWRIE.

#### IMPATIENCE.

In the impatient mood we are apt to spend far more than is required in the doing of our work, and this excess is lost. We cannot estimate the value of the power thus misplaced. When the impatient mood becomes the habit of a lifetime you can understand that failure and perhaps loss of health and energy are inevitable.—Emmy S. Bouton.

If You Wish to Double the Beauty of Your Hair at Once, Just Get a 25 Cent Bottle and Try This

Surely try a Danderine Hair Cleanse if you wish to immediately double the beauty of your hair with little trouble and at a cost not worth mentioning—just moisten a cloth with a little Danderine and draw it carefully through your hair, taking one small strand at a time, this will cleanse the hair of dust, dirt or any excessive oil—in a few moments you will be amazed. Your hair will be wavy, fluffy and abundant and possess an incomparable softness, lustre and luxuriance, the beauty and shimmer of true hair health.

Besides beautifying the hair, one application of Danderine dissolves every particle of Dandruff; cleanses, purifies and invigorates the scalp, forever stopping itching and falling hair.

Danderine is to the hair what fresh showers of rain and sunshine are to vegetation. It goes right to the roots, invigorates and strengthens them. It's exhilarating, stimulating and life-producing properties cause the hair to grow abundantly long, strong and beautiful. It at once imparts a sparkling brilliancy and velvety softness to the hair, and a few weeks' use will cause new hair to sprout all over the scalp. You can surely have pretty, soft, lustrous hair, and lots of it, if you will just get a 25 cent bottle of Knowlton's Danderine from any drug store or toilet counter and try it as directed.
